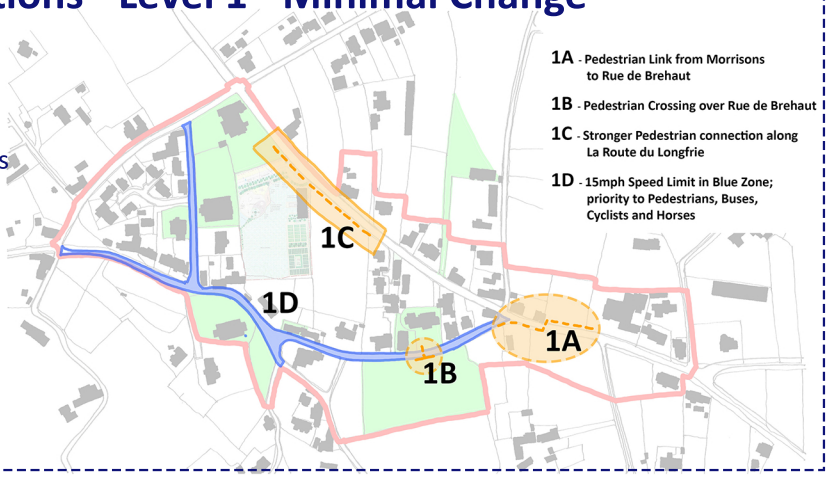
St Peters Community Plan

Traffic

Traffic Suggestions - Level 1 - Minimal Change

Intention:

Create improved pedestrian connections between hubs within the Local Centre, and a clearer flow for through traffic.



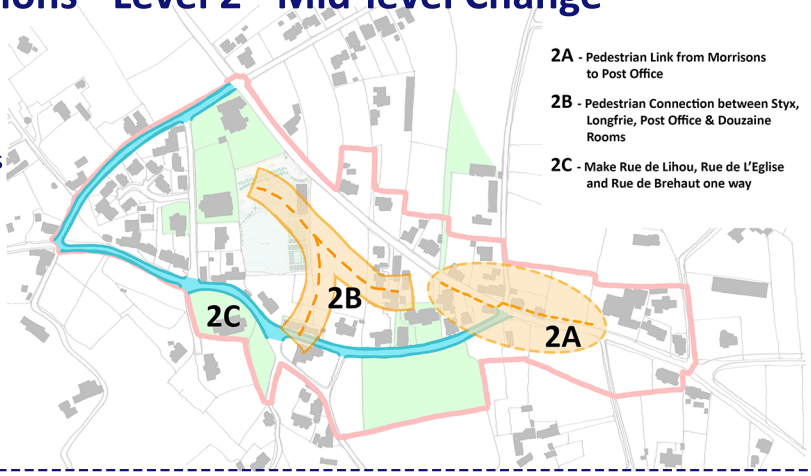
Level 1 Comments:

Level 2 Comments:

Traffic Suggestions - Level 2 - Mid-level Change

Intention:

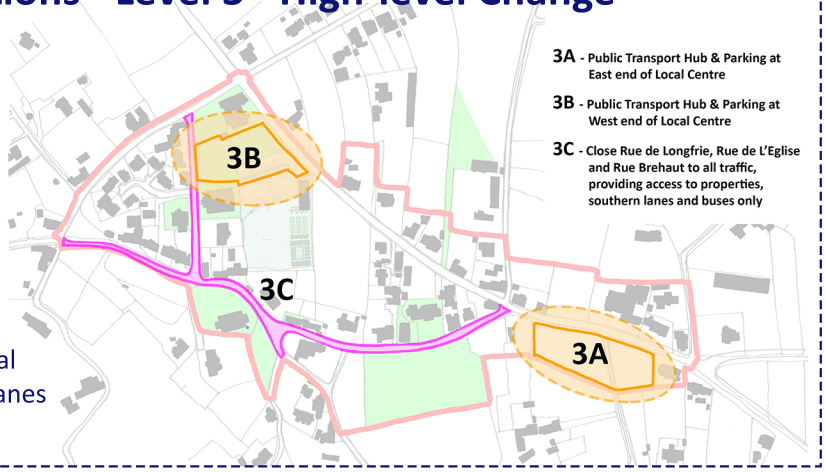
Further improve pedestrian connections and reinforce potential for new public spaces, events and development.



Traffic Suggestions - Level 3 - High-level Change

Intention:

Create opportunities for 'park & ride' to St Peter Port & St Sampson via shuttle bus service with amenities at start & end of journey.
Remove all but essential vehicles from narrow lanes



Level 3 Comments:
